

## GUIDELINES FOR AUTHORS

- Each paper may have up to five authors.
- Each author may submit up to two papers, which may be individual and/or collective. Only duly registered authors will be able to present their work.
- Articles may be writings in Portuguese and Spanish.

▶ The work must be typed in accordance with current and updated ABNT standards.

▶ Each paper must be submitted in two files. The first Word file without any identification of the authors; the second file in PDF format containing the name of the authors below the title and below each name the following information: profession/occupation and institutional link.

▶ Papers in Word format that have any form of author identification, outside the established page limit and/or do not comply with the submission rules will be automatically rejected.

▶ The body of the text must be between 10 and 20 pages long (introduction containing presentation of the topic, problem and respective objective(s) of the research, theoretical foundation, methodology, analyses, final considerations and references)

in A4 format, Arial font, size 12, top and left margins 3, bottom and right 2, 1.5 space between lines and justified.

▶ For long quotations, single space, Arial font, size 10, font 4 centimeters from the left margin.

▶ The first page of the text must include, in the upper part of the margin, in a centralized manner, the title of the paper in capital letters and bold, accompanied by the subtitle, if any, in lowercase letters, without bold.

▶ The first page must include the abstract in Portuguese and abstract in English or Spanish of up to 400 characters (with space), 5 centimeters from the left margin, without paragraphs and single spaced.

▶ Below the summary include the indication of three to five keywords.

▶ There is no requirement for originality in the work, as long as the location of the original publication of the paper is duly identified.
